AYUSH SINGH

Business Analyst | Data Analyst | BI & Dashboard Reporting
7054891639 • as764994@gmail.com • Lucknow, India • LinkedIn • GitHub

Data Analyst with hands-on experience building end-to-end BI dashboards and deriving strategic insights from datasets of 8,800 to 100,000+ records across e-commerce, FMCG, retail, and food delivery domains. Proficient in Power BI (DAX, Power Query, RLS), Advanced Excel, and SQL. Experienced in KPI development, trend analysis, and converting raw data into executive-ready recommendations. Available for Immediate Joining.

TECHNICAL SKILLS

BI & Viz:	Power BI (DAX, Power Query, RLS, Drill-Through, Bookmarks, What-If Parameters, Custom Tooltips), Tableau, Advanced Excel
Analytics:	KPI Development, Trend Analysis, Cohort Analysis, ETL, Time Intelligence, Data Modeling, Forecasting, Variance Analysis
Excel:	Pivot Tables, PivotCharts, Power Query, VLOOKUP, GETPIVOTDATA, SUMIFS, Dynamic Dashboards, Automated Reports
Domain:	E-commerce Metrics, Retail KPIs, FMCG Sales Analytics, Financial Statement Analysis, QuickBooks Online
Learning:	SQL (Intermediate — window functions, CTEs, aggregation), Python (Beginner)

DATA ANALYTICS PROJECTS

Netflix Content Strategy Dashboard | *Power BI | DAX | Power Query | RLS | Time Intelligence* [GitHub]

- Built a 5-page interactive Power BI dashboard for 4 senior stakeholders answering 10+ business-critical questions from an 8,800+ title dataset across 190+ countries; authored 23+ DAX measures (YoY Growth %, Fresh Content %, Audience Segmentation).
- Implemented What-If Parameter (0–50% content growth simulator), Row-Level Security for 3 regional teams, Drill-Through, Bookmarks, and Custom Netflix JSON theme; surfaced that only 26.93% of catalog is Fresh and US accounts for 43% of compliance-flagged titles.

National Distributor Sales Dashboard | 100,000+ Transactions | 36 Months | *Advanced Excel | Power Query | PivotTables | Automated Reporting* [GitHub]

- Engineered a scalable ETL pipeline in Power Query processing 100,000+ records across 36 months with one-click auto-refresh; built KPI Command Center with 5 real-time metrics, 8 PivotTables, and 7 PivotCharts — eliminated 100% of manual monthly reporting.
- Validated promo ROI: promotional transactions generate significantly higher revenue/unit; GETPIVOTDATA-based weighted average pricing for dynamic KPI accuracy.

Swiggy Sales Performance & Market Analysis Dashboard | *Advanced Excel | KPI Analytics | Business Strategy*

- Analyzed 197,430 orders (₹53.01M revenue); identified 32% Q3 revenue decline in Karnataka & Maharashtra — recommended targeted promotions; discovered Lucknow (Tier-2) ranked #2 nationally, proposed as replicable expansion blueprint.

Blinkit Grocery Sales Performance Dashboard | *Power BI | DAX | Retail KPI Analytics* [GitHub]

- Tracked Total Sales, Avg Transaction Value, and Ratings across outlet types and geographic tiers; flagged high-selling, low-visibility items as stockout risks — improving demand forecasting accuracy.

Vrinda Store Annual Sales Report 2022 | *Advanced Excel | Pivot Tables | E-commerce Channel Analysis* [GitHub]

- Analyzed 12-month multi-channel data (Amazon, Flipkart, Myntra); identified Women 30–49 in Maharashtra, Karnataka & UP as core segment (65% buyers) — enabling targeted 2023 campaigns; confirmed 80% sales concentration in top 3 channels.

WORK EXPERIENCE

Financial Consultant | Prasuta Capital *Jan 2026 – Present*

- Conducted 3-year trend analysis on P&L, Balance Sheet, and Cash Flow statements using Excel financial models and ratio analysis; led team of 3 in portfolio construction with goal-based assessments and SIP performance tracking.

Data & Reporting Analyst | Independent Project *Apr – May 2025*

- Built 5+ financial dashboards across 2,000+ row datasets using Pivot Tables, VLOOKUP, and Conditional Formatting; automated summary reports reducing manual calculation time by 30%.

EDUCATION & CERTIFICATIONS

B.Com – Accounting & Finance | University of Lucknow | 2020–2024 **Data Analytics with GenAI (SQL, Python, Power BI, Tableau)** | PW Skills | Ongoing

Certifications: Power BI Workshop • Advanced Excel Certification • AI Tools Workshop • Data Analytics with GenAI – In Progress

☑ **Available for Immediate Joining | Open to Relocation**
